Alois Flatz becomes a Member of the Board of Directors of IMT Asset Management AG

April 12, 2021

IMT Asset Management AG, Vaduz successfully recruited Dr. Alois Flatz as a new member of its Board of Directors. He will be appointed on the occasion of the General Annual Meeting on April 22, 2021.

Alois Flatz is a very experienced start-up investor and a recognised expert in the field of sustainable investing. He was Head of Research at the Swiss pioneering company Sustainable Asset Management (SAM, today RobeccoSAM). In this role, he was involved in the founding of the Dow Jones Sustainability Index, the first and today the world's leading stock index, which considers not only economic but also ecological and social criteria. He also acted as an advisor to former US Vice President Al Gore and his company Generation Investment Management, one of the largest global investors in sustainability. Alois Flatz serves as a board member or advisor to several companies.

«We are glad that with Alois Flatz we were able to win an internationally recognised and successful expert who is also connected to our region. This will strengthen our know-how and improve our

access to interesting investment opportunities in the field of sustainable private equity investments and impact investing. These are two of our most important strategic focus areas for the coming years. », says Erek Nuener, President of the Board of Directors of IMT Asset Management AG.

In addition to Alois Flatz, the Board of Directors will be comprised of Erek Nuener (President), Thomas Mätzler (Delegate of the Board of Directors), Erich Pfister (CEO ODDO BHF Schweiz) as well as Omer Rehman (Private Equity Investor and Entrepreneur).
