

# IMT Asset Management AG: Best Asset Allocation Strategy Liechtenstein 2021

**26 August 2021**

Capital Finance International (CFI.co) has recognised IMT Asset Management AG with the award "Best Asset Allocation Strategy Liechtenstein 2021".

Thomas Trauth, CEO of IMT Asset Management AG, is delighted about this recognition: "This award confirms that our efforts to construct robust portfolios are being recognised. Our investment strategy is based on the principles of broad portfolio diversification, flexible adjustment of the investment strategy to the medium-term market environment, integration of inflation and tail risk hedges, and cost-efficient implementation of the portfolios."

IMT Asset Management's long-standing track record is also supported by the fact that various strategy funds are regularly rated with 4 and 5 Morningstar stars. Morningstar is a global financial information and analysis company and a leader in the field of fund analysis.
